50<sup>th</sup>  
ISCEV  
2012  
VALENCIA · SPAIN

INTERNATIONAL  
SOCIETY FOR CLINICAL  
ELECTROPHYSIOLOGY  
OF **VISION**

**SYMPOSIUM**

**JUNE 5<sup>th</sup> - 8<sup>th</sup>**

THE FUNDACIÓN  
OFTALMOLÓGICA  
DEL MEDITERRÁNEO IS  
HONORED TO HOST THE  
**50<sup>th</sup> ISCEV SYMPOSIUM**  
IN VALENCIA - SPAIN

Dear ISCEV friends,

On behalf of the **Fundación Oftalmológica del Mediterráneo** it gives me great pleasure to invite you to the **50<sup>th</sup> ISCEV Symposium** in Valencia (Spain) from June 5<sup>th</sup> to 8<sup>th</sup>, 2012.

The symposium will be held at the **Fundación Oftalmológica del Mediterráneo** and the **Colegio Oficial de Médicos**, ideally located, both with excellent links into the city centre by metro and bus.

We hope that this meeting will help us to increase our knowledge of clinical electrophysiology of vision, and also promote communication among workers in the field.

Our Social Program will help you to discover Spanish culture, we would like to share with you our 2000 years of history. Medieval towers, Gothic cathedrals, Renaissance palaces, activities and outings will help you discover Mediterranean way of life.

We also invite you to enjoy the delights of the rich flavors of the Mediterranean Gastronomy, and the most important green areas of the city including the Turia Gardens that cross the city, the Glorieta, with the centenary fichus, the Botanical garden whose origin dates back to the XVI century.

I look forward to welcoming you at the Symposium in 2012.

**Concha Vilela.**  
Symposium Convenor

## MAIN TOPICS

- Experimental and animal models in visual electrophysiology.
- Electrophysiology and correlation with diseases.

## SYMPOSIUM HIGHLIGHTS

### SCIENTIFIC SESSIONS

On the themes covered by the symposium and with the possibility of free presentations and posters.

### INVITED LECTURES

### CLINICAL CASE SESSION

During the Symposium there will be sessions dedicated to:

- Discussion of clinical cases.
- Interactivity and the opportunity to use many of the instruments adopted to carry out electrophysiological examinations of the eye.

### CALL FOR PAPERS

Original contributions on any of the topics of the congress are welcome. Submission deadline: February 28<sup>th</sup>, 2012.

## ISCEV COURSE

Lasting one and half days, it will take place before the Symposium.

It will be taught by experts in the field of the electrophysiology.

Organizers: G. Holder, C. Vilela.
