

51st Symposium of the International Society for Clinical Electrophysiology of Vision (ISCEV) Exhibition Advertisement

The 51st Symposium of ISCEV will be held in the beautiful mountain city, Chongqing, from 12 to 17 October 2013. This symposium is hosted by ISCEV and organized by the Southwest Eye Hospital, Third Military Medical University and Key Lab of Damage and Regeneration & Repair of Chongqing. This is the highest-level meeting of clinical electrophysiology of vision in China since 23 years. More than ten top-level experts will be invited to give lectures on the meeting and the latest progresses, techniques and achievements will be shown. Also, the 13th Symposium of Chinese Physiology of Vision will be held just before the ISCEV meeting, almost 400 participants from more than 10 countries will attend this meeting.

Ophthalmology develops hand-in-hand with the development of clinical electrophysiology of vision, both of which cannot make any progress without the help of the enterprises working on these areas. We are especially thankful to you and sincerely invite you to join us and provide a strong support of this meeting. Some details follow:

1. Ways to attend: Booths, assembly advertisements, supporting doctors to take the ISCEV courses, sponsoring the experts' lectures, supporting dinner and tea break etc. The number of booths is not very big, their size is 1.8 x 0.6 meters. Also, we will provide two chairs and a power socket.
2. Charging Standard: Booth, 10,000 USD;
Back Cover: 2,000 USD;
Colorful insert: 1,500 USD;
Black insert: 1,000 USD
3. Registration Fee: registration 450 USD
4. Address: Chongqing Sheraton Hotel (Road Nanbin 78#, Nanan District, Chongqing)
5. Deadline: 1th, September, 2013. All the activities will be arranged by the preparatory group of the meeting after negotiations.
